

**Serie | 4, washer-dryer, 9/6 kg, 1400 rpm
WNA244XSGC**

**Washer dryer with AutoDry technology:
precise washing and drying results for all
types of textiles. For up to 6 kg, one load in
one go.**

- **Wash & Dry:** wash and dry efficiently up to 6 kg all in one go or just washing up to 9 kg.
- **Auto Dry:** automatically dries to the exact degree of dryness you want.
- **Eco Silence Drive™:** the quiet, efficient and durable drive.
- **Wash & Dry 60:** Wash and dry efficiently small loads in just 60 min.
- Easy operation and extra functions available.
- Gentle wash thanks to the precise tuning of the EcoSilence Drive™ brushless motor that gently and smoothly rotates the drum, softening the impact on the fabrics

Technical Data

Built-in / Free-standing : Free-standing
Removable top : No
Door hinge : Left
Length electrical supply cord : 210 cm
Height of removable worktop : -12 mm
Dimensions of the product : 848 x 598 x 590 mm
Net weight : 81.6 kg
Drum volume : 70 l
Connection Rating : 1900 W
Voltage : 220-240 V
Frequency : 50 Hz
Approval certificates : CE, VDE

Optional accessories

WMZ2200 : Floor securing component
WMZ2381 : Extension for cold water inlet /Aquastop

Serie | 4, washer-dryer, 9/6 kg, 1400 rpm WNA244XSGC

Washer dryer with AutoDry technology: precise washing and drying results for all types of textiles. For up to 6 kg, one load in one go.

Main features

- Housing in silver inox
- 9 kg capacity
- Capacity: 9 kg washing - 6 kg drying
- Spin speed selection 1400** to 400 rpm
- AquaStop system: safe and reliable leakage protection with a warranty during the entire life time of the appliance. No need to check your appliance when program is running and no need to close the tap when appliance is not working.
- Drum volume: 70 l
- VarioDrum™: gentle or intensive washing
- Auto Dry technology - sensors controlled drying proces. Drying target can be selected upon your needs as: Iron dry, Cupboard dry or Extra dry.
- Non-stop wash and dry programme 6 kg
- The AntiStain system automatically removes oil, tea, blood and cosmetics stains, adjusting the selected washing program to the particular stain type. This option is applicable for the majority of washing programs
- Pre-Soaking option with possibility to add laundry afterw soaking phase or Pre-Wash for removal of hard or massive soiling before main wash.
- Hygiene washing program. Dry textile items are treated with hot air to kill germs and bacteria before washing cycle starts. Then follows mix wash cycle with low temperature to clean laundry and remove killed bacteria from fabric. Hot air treatment can be applied for dry textiles even allowed for washing with low temperature without risk of damage. Thus you can have hygienic clean result even for delicate fabrics.
- Refreh program. Hot air and steam treatment can remove odor from dry tectiles and reduce wrinkles. You can refresh your clothes without washing.
- Made in China

Engine Power and Consumption

- Noise level washing (dB): 51
- Noise level spinning (dB): 75
- noise level drying (db): 59

Programs and technologies

- Main washing programs: Cotton, Cotton Eco, Easy Care, Wool, Rinse, Spin/Drain. Special programs: Quick/Mix, Delicate/Silk,

Down, Hygiene with hot air, Super 15' wash & Super60' wash and dry, Refresh. Drying programs: Intensive dry, Time dry

- Special programmes: quick 15', HygieneCare, mixed load, Spin / Drain, single rinse, delicate/silk, wool / hand wash

Options

- Selectable program settings and additional options chosen via TouchControl buttons: Temperature, Spin speed selection with a rinse hold, Drying option with drying target selection, Stain selection, Pre-treatment: Pre-soaking or Pre-wash, Rinse plus, SpeedPerfect, End time delay, Start/Pause with reload function.
- ActiveWater Plus - new automatic load adjustment system. The amount of dry laundry is measured before starting washing cycle by motor load inertion sensor***
- Flow sensor for optimal wateruse
- Large LED display - clear and easy to read all main programs settings, indication of selected program options, program status and warning symbols, remaining time, 24h end time delay, load recommendation.

comfort and safety

- Reload function: Be flexible in adding laundry items even after start of the wash cycle.
- Child-proof lock
- AntiVibration System - smart and reliable construction of mooving parts of the machine connected with housing by 3 springs and 3 shock absorbers effectively damps shakes of oscillation system while spinning. Thus no vibration of housing while working and the appliance can be installed close to the furniture without gap****
- AntiVibration Design: more stability and quietness
- AquaStop: Bosch' warranty in case of water damage – for the lifetime of the appliance.*
- Unbalanced load detection
- Easy Cleaning Drawer
- Maintenance free condenser: automatic fluff removal
- 3D AquaSpar wash system with cascade for faster water penetration
- Foam detection system to remove excessive foam
- Overdosage indication
- Buzzer at the end of the programme
- interior drum light: LED
- 32 cm porthole, 165° swing door
- Metal door closing hook
- comfort lock

Technical Information

- Dimensions (H x W x D): 84.8 cm x 59.8 cm x 59.0 cm
- Appliance depth with open door: 107.2 cm
- Slide-under height of 85cm
